TENTATIVE

From the Vice Chancellor's Desk

Chaudhary Charan Singh Haryana Agricultural University (CCSHAU) is one of the leading agricultural universities of the country. Established in 1970, CCSHAU has gained national and international acclaim for producing skilled professionals in agriculture and conducting innovative research that prioritises sustainability, equity, and food security. As a pioneer in agricultural research, CCSHAU played a vital role in India's Green and White Revolutions. The dedication of its community, combined with strong policy support from stakeholders, has propelled the university to new heights. With state-of-the-art infrastructure, CCSHAU provides an inspiring environment for education, research, and extension programs. Our dedicated scientists and scholars are focusing on multidisciplinary research to develop tailored technologies to achieve the sustainable development goals and realize the vision of a developed Bharat by 2047. Together, we are shaping a sustainable and prosperous agricultural future.

The national awards highlight CCSHAU's strong commitment to excellence as one of India's top agricultural universities, recognized by the Indian Council of Agricultural Research (ICAR). The university has received prestigious accolades, including the ICAR Best Institution Award (1996-97) and the Sardar Patel Outstanding ICAR Institution Award (2016-17). Furthermore, in 2024, CCSHAU secured 3rd place among state agricultural universities in the National Institutional Ranking Framework (NIRF) and earned an A+ grade from the National Agricultural Education Accreditation Board (NAEAB), reinforcing its status as a leader in agricultural education and innovation.

CCSHAU is a leading institute dedicated to excellence in higher education in agriculture and related fields. With over 3,206 students and 550 faculty members, CCSHAU is a pioneer in interdisciplinary innovation, creating a dynamic and integrated organizational environment. We offer undergraduate programs in nine disciplines—Agriculture (4 and 2+4 year degree), Agricultural Engineering, Agri-Business Management, Community Science, Fisheries, Physical Sciences, Life Sciences and Biotechnology—as well as master's programs in 47 subjects and PhD programs in 42 areas. As a leader in experiential education, CCSHAU provides students with exceptional opportunities to apply their knowledge in real-world settings, ensuring they are well-prepared for their future careers. Our commitment to high educational standards meets the increasing demand for skilled professionals in agricultural sectors. Aligned with the vision of NEP 2020, we are driving a transformative shift toward interdisciplinary study and research. At CCSHAU, we are focused on bridging the gap between academia and industry through cutting-edge ICT resources and specialized training institutes. Our Agribusiness Incubation Centre empowers aspiring entrepreneurs to develop and launch their ventures.

The faculty members at CCSHAU, Hisar, are the cornerstone of our institution. Our proud alumnus have made significant contributions globally, holding esteemed positions in prestigious organisations. Our faculty have distinguished themselves in roles such as Director General of ICAR, Chairman of the Agricultural Scientists Recruitment Board, and Vice-Chancellors. We

have had the honor of hosting prominent dignitaries, which bolsters our reputation. Our pride reached new heights when the President of India, Smt. Droupadi Murmu graced the 25th Convocation of CCSHAU as Chief Guest on April 24, 2023 and delivered an inspiring address to our graduates and emphasising our university's impact on society.

A strong support network is essential for empowering students to achieve lasting success and build a brighter future. CCSHAU has established significant academic collaborations worldwide, welcoming students from over 17 countries to pursue their studies with us. We maintain partnerships with more than 25 elite universities in the United States, Japan, New Zealand, Poland, Czech Republic, Australia, Tanzania, and more, facilitating diverse academic and research initiatives. Recently, 32 faculty members underwent advanced international training, and 146 undergraduate students gained invaluable experience foreign institutions. Our dual degree programs with Western Sydney University, Australia for undergraduate, M.Sc., and Ph.D. students further enhance scholarly achievement and global engagement opportunities. These initiatives underscore our commitment to providing a world-class educational experience that prepares our students for success on the global stage.

At CCSHAU, Hisar, we empower students to achieve their full potential through a balanced focus on academic excellence and co-curricular activities, including the National Service Scheme, National Cadet Corps, and sports events. This comprehensive approach prepares our students to excel in their careers. Recently, we hosted the 21st All India Inter-Agricultural University Games and Sports Meet for 2022-23, along with the 18th All India Vice-Chancellor Cricket Cup T-20 Tournament, held from November 3 to November 16, 2022, reflecting our commitment to fostering a vibrant campus culture.

The CCSHAU connects with over 5,00,000 farmers, providing essential weather updates and agricultural information through community radio stations at seven Krishi Vigyan Kendras. Our Kisan Seva Kendra and Regional Research Stations work tirelessly to deliver cutting-edge research to those who most need it. We are committed to the success of farmers and farm women, equipping them with the knowledge and resources necessary for prosperity. Our proactive and accessible extension services are tailored to meet the unique needs of Haryana's farmers, ensuring they can seize opportunities and overcome challenges effectively.

CCSHAU has successfully implemented numerous projects funded by state and central governments, resulting in the release of 296 innovative varieties of crops tailored for dedicated farmers. Additionally, the university offers essential services, including soil and water analysis, pesticide residue testing, and food quality assessments through advanced, NABL-accredited laboratories. To enhance its impact, CCSHAU is committed to securing patents and publishing high-quality research that supports farmers and elevates agricultural practices.

CCSHAU is leading institution in soil health management, biofortified crop development, and resource conservation technologies to address the challenges faced by Haryana's farmers. Our work in precision agriculture, digital agriculture, nanotechnology, CRISPR-Cas technology, micropropagation and double haploid production, organic farming, artificial intelligence, and machine learning aims to revolutionize farming practices. Our state-of-the-art facilities, including the Speed Breeding and Micrometeorology Laboratory have dramatically reduced the time to develop new crop varieties. The CCSHAU also organizes numerous national and international conferences, seminars, and workshops to provide students with valuable experiences that foster leadership, social responsibility, and teamwork, preparing them for successful futures.

Fueled by the dedication of our CCSHAU family, we aim to strengthen our prominent position nationally and internationally. We are committed to addressing the urgent needs of farmers amid climate change and global market challenges. We aim to enhance our teaching, research, and extension programs, empowering our students to contribute meaningfully to society and achieve global recognition. Together, we will lead and innovate for a sustainable future. We are excited to offer you exceptional opportunities to join our esteemed institution. Thank you for your interest in CCSHAU.

Wishing you a successful academic journey at CCSHAU, Hisar.

PREFACE

Chaudhary Charan Singh Haryana Agricultural University (CCSHAU), Hisar, was established on February 2, 1970, as Haryana Agricultural University (HAU) by the Haryana and Punjab Agricultural Universities Act of 1970, the 16th Act of Parliament. Since its inception, the University has committed itself to using its groundbreaking research and extension efforts to advance agriculture and the farming community. In 2024, the CCS Haryana Agricultural University was awarded 'A+' grade by the NAEAB-ICAR accreditation. The CCSHAU has been making immense contribution in the field of agricultural education, research and extension, and has made a mark at international level.

Besides the six colleges on the main campus in Hisar, namely College of Agriculture, College of Agricultural Engineering & Technology, College of Basic Sciences & Humanities, I.C. College of Community Science, College of Fisheries Science, College of Biotechnology, the University runs two more Agriculture Colleges, one in Kaul (Kaithal) and the other in Bawal (Rewari). The Institute of Business Management & Agripreneurship, Gurugram, was established to educating young people in developing managerial skills and entrepreneurship in agribusiness. The Dean, Post-Graduate Studies, Deans of the constituent colleges and the Registrar have been entrusted with the responsibility of postgraduate and undergraduate teaching at the University in coordination with the Directorate of Research and Extension Education.

The goal of the University is to foster a warm, collaborative environment where faculty, staff, and students can grow to the fullest extent possible both intellectually and professionally. At CCSHAU, our mission is to deliver top-notch instruction in world class facilities. In addition to offering undergraduate degrees in Agriculture, Agribusiness Management, Community Science, Biotechnology, Fisheries Science and Agricultural Engineering, the university also offers postgraduate degrees in 51 disciplines including MBA, Agribusiness, and Rural Management, as well as Doctor of Philosophy in 44 disciplines. Thirty percent students in PG programmes and twenty percent in UG programmes, representing different states of India, are admitted through the ICAR. The University also offers PG Diploma programmes in various emergent areas. The University offers modern amenities, sports facilities, and has a centrally located Nehru Library with a large print collection and e-resources.

The University collaborates with Western Sydney University for dual degree programmes. International students from various countries such as Poland, Nigeria, Tanzania, Kenya, Egypt, Namibia, Ethiopia, Vietnam, Afghanistan, Sri Lanka, Myanmar, Nepal, Fiji, Indonesia form part of the University's student community.

Admission to the university's numerous academic programs and courses for the 2025–2026 academic year is now being offered. This prospectus contains details about the courses, admission requirements, housing capacity, health, finances, student grants, and facilities for students. For more details about the University, please visit our website at www.hau.ac.in.

We extend a warm welcome to all the students desirous of seeking admissions to different programmes of the University.

INTRODUCTION

Meaning and scope of the Prospectus

It is a brief compilation of information and not an exhaustive detail of all the regulations made by the competent authority in this regard. The provisions of the Prospectus are in the shape of guidelines which are available to the candidates seeking admissions and do not in any manner limit the power of any Competent Authority in making additional regulations regarding the admissions of the students in the university from time to time.

Admissions are made in accordance with the admission rules. Since it is not possible to mention detailed procedure in the Prospectus, admissions rules are to be read with the instructions issued/to be issued from time to time with the approval of the Academic Council/Competent Authority.

Competent Authority

The original jurisdiction to make regulations regarding the admissions of the students in the University is vested in the Academic Council by the Haryana and Punjab Agricultural Universities Act, 1970 (Act No. 16 of 1970 passed by the Parliament hereinafter referred to as Act, 1970). The provisions as reproduced in the Prospectus or the guidelines as provided in this Prospectus shall not make precedent over the powers of the Academic Council as provided in Section 23 of the Act, 1970 and the powers of the Vice-Chancellor as contained in Section 16 of the Act, 1970 and any of the provisions of the Act, 1970 and the subsequent Statutes framed by the University from time to time.

Any provisions or guidelines provided in the Prospectus are not final and are subject to modifications made by the Competent Authority under the Act & Statutes and if superseded by such decision by the Competent Authority, the latter will prevail and the information given in the Prospectus shall stand modified to that extent automatically.

COLLEGE OF AGRICULTURE

PGDC -5: PG Diploma in Remote Sensing and GIS Applications in Agriculture and Environment

Nodal Department : Agricultural Meteorology

Collaborative Departments : Soil Science, Forestry, Soil and Water Engineering

Scope and Opportunities

Remote sensing and GIS is a relatively young scientific discipline and is an area of fast emerging technology witnessed phenomenal growth over the recent decades. The science of remote sensing is no more an art of mapping using satellite based sensors. Image processing facilities which were earlier restricted to selected major research areas have now become widely available with cooperatively low price processing equipments, digital data handling and processing led to the development of geographical information system followed by global positioning system. These technological tools enhanced our capability for exploring, mapping and monitoring resources at local, regional and global scale.

There is scarcity of human resource with the knowledge of this technology in the field of agriculture and environment. The job opportunities for the students passing out this course will be in central government remote sensing organizations, State government remote sensing application centers, agricultural and environmental research and management institutes, academic institutes of remote sensing and GIS. Beside this huge job opportunities will be available in private sector and overseas as well.

This post graduate course shall not only provide job avenues for students but also open a field of viable and effective interaction with national establishment related to various aspects of remote sensing. The main objective of this course is to develop multidimensional teaching in the field of remote sensing and GIS application in agriculture and environmental management.
